June 2024 – Present

Associate head at Creatives Department, IEEE Committee

June 2023 – May 2024

Member, Rotaract Club of Mumbai Western Elite

July 2024 – Present

## Projects

### 3D Interior Designing Website

[3D Interior Designing](#) 

- Built an interactive 3D platform using Three.js, HTML, CSS, and JavaScript, allowing users with minimum technical skills to design homes by customizing furniture and walls offering a range of 20+ options.
- Integrated user-friendly features such as resizing, removing walls, and live previews to enhance accessibility for individuals with minimal technical expertise.

### MediDoctor - Book Doctor Appointments and Order Medicines

[MediDoctor](#) 

- Developed a comprehensive platform using HTML, CSS, JavaScript, Node.js, and MongoDB.
- Enabling users to book appointments with doctors and order medicines, increasing efficiency by 30%.

### Nyaya Bot - Legal Assistant for the Department of Justice

[Nyaya Bot](#) 

- Developed a chatbot to centralize legal information, including judge appointments, fines, e-Filing procedures, Fast Track Courts, and related citizen services. Used Flask which handles the logic of fetching data from external sources (web scraping) and serving the content back to the front end.
